

May 2008

Little Sprouts Club

Did everyone enjoy the Arbor Day meeting? We sure did. You might want to put your Weigela outside in a sunny location each day for a week prior to planting so it can get used to being outside before you plant it in the ground.

Come celebrate Baby's 11th birthday!!!!

There will be an open house on May 17th from 9 to noon. We will not have our regular class schedule. Come and plant a planter with lots of different annuals to take home and enjoy. We will have refreshments available. Baby will be making an appearance and you can have your picture taken with him. Also, don't forget to sign Baby's birthday shirt.

We can't wait to see you and have fun at the party!!
